

## **GRANT REQUEST FOR NEW CONGO CITY OF PEACE NAKIVALE REFUGEE CAMP UGANDA.**

**Submitted with respect by:** Ln. Tayebwa Philips

**Title :** 3p counselor and Team leader.

**Organization:** Healing Health Healing Hearts

**Email:** [katwirerephilips@gail.com](mailto:katwirerephilips@gail.com) **phone:** +256773030157.

**Address:** Nakivale refugee settlement western Uganda.

### **Title of Program:**

Training the community to know their own beauty hence fighting ,violence,Trauma ,and Addiction.

**Overall program vision:** New congo city of peace is to ensure refugees and host community restore hope , gain peace and create better stronger thoughts for life.

### **Description of the challenge:**

New congo is having high number of people (average of over 30000 people), from different countries due to political terror and tribal conflicts ,and 99% are refugees it is base camp that people are living congested in temporary houses .This population has the increase in negative living that trauma ,violence and addiction are so much challenging .Many people including men,adolescents,women have taken addiction as a solution which is not!. People

are not living peaceful due to misunderstanding which leads to serious health issues in camp.

### **First project steps:**

- Meeting local leaders and share their experience.
- Identify key gathering centres in new congo.
- Survey the population for higher incidence of health issues.
- Document and chart the results.
- Convene the the possible partners that commit to volunteer activities to assess actions.
- Write goals and objectives to serve as a plan for corrective action.

### **Who the project Impacts :**

We are focusing on refugees and host community in new congo. This will be specifically the gathering areas where Adolescent, children and young adults included in the first step project, it will include communication about better living sustainability in the camp, violence, trauma, addiction.

### **Follow –up Steps:**

- I am reaching out for funding for long term sustainability.
- The project will be surveyed yearly and chart the data.
- This programme will later cover nakivale refugee settlement.
- We shall collaborate with Healing Health Healing Hearts to implement the work.
- We shall engage the community and set the limits that should be respected.

### **Potential Partners:**

- International cities of peace.
- Healing Health Healing Hearts volunteery team.

## **Out comes of the project:**

- Peaceful environment.
- Decrease or no addicts in the community
- Continuous monitoring on trauma victims
- Data points on health issues on general community.

## **How we measure success:**

- Semi –annual survey data on how the people are living in nakivale .
- Reduction on rate of addiction victims in the community.
- Increase in a wareness about trauma and violence victims.

## **Innitial project Budget:**

The initial project as defined in first project steps will require \$6,000 ,this will cater for transportation,refreshments,chairs,gathering center ,stationary,computer and proper sensitization with volunteery team.Volunteers will not be paid.

## **Long range program Budget:**

Estimates for two year programe will depend on assessments provided by the first step project plan.

With expanding criteria of the community valley and cooperation ,the budget report between \$60,000 for five year study and implementation.

NB: Supporting materials ,including a detailed program plan as well as photos ,references and recommendations are available up on request and some are attached below.
